Positive Attitude Tips

First, focus on what you're thinking about. Remember we get stuck because we never address the source? Our negative actions and words are coming from our negative thoughts. Our body, including the mouth, has no choice but to follow wherever our mind goes.

It is possible to control our thoughts, regardless of what we've been led to believe. As soon as a negative thought comes into your mind, purposefully make it a point to replace it with a positive one. At first, this may take some work, because chances are, we will probably have a lot more negative thoughts in our head than positive ones. But eventually, the ratio will reverse itself.

Second, stop letting other people's negative attitudes influence yours. This may mean we need to stop hanging around with people who do nothing but spout negative stuff. We can't afford to do this when our goal is to become more positive. The negative people in our life aren't going to like it when we stop participating in negativity. Just remember that birds of a feather really do flock together.

Third, make a list of all the areas in your life that you want to change. List all your negative attitudes too. If you can't think of things to put on your list, just ask your family. I'll bet they'll help you make it a really long list!

Fourth, take some time to write strong, life-giving, positive affirmation statements. Make a commitment to read those statements out loud every day. Enjoy how great they make you feel. Know in your heart that you're making progress, even if you can't see it just yet. Just keep affirming the positive.

Lastly, take time to pray about this. You can't change by yourself. But you can spend time with the One who is able to help. Do what you can, and let God do the rest. It really is that simple. This process will change how we think and that's the real key to changing how we act. Remember, the body will follow wherever the mind goes. There is no way to separate the two, so we might as well "program in" what we want, instead of randomly leaving it to chance.

Just know that God's version of a right attitude contains nothing negative. And if we want God's best for our life, it starts with right thoughts — his thoughts to be exact.

Reminder to get registered Get the Latest SKA News via Email and Mobile

In the last issue we requested you send us your email and mobile numbers so we can send the latest SKA news rather than wait until you receive next issue of the newsletter. Those already registered have seen the benefit of this service.

Unfortunately, due to some technical difficulties, when we tried using the new emailing list from the website, some members who were previously receiving regular updates have stopped receiving emails.

We would like to take this opportunity to ask everyone who is not receiving our emails, to provide us with at least one email address per family and also, for as many family members as possible. In addition to the email service, we are thinking of introducing a texting service in order to disseminate information even faster. Therefore, could you also provide us with mobile numbers, one per family or for as many family members as possible. This information should be sent to **editor@skauk.org** Please note that this information would be made available in any forthcoming online directory. Naturally, access to such a directory would be via Protected Passwords.
